

## Corporate Philosophy

“As a group of individuals working together as one, we pursue creative progress and development founded on both rational, scientific principles and a humanitarian outlook, through which we strive to continually advance our business operations and contribute to society.”

## Editorial Policies

### Regarding Publication of the KAJIMA CSR Report 2007

The KAJIMA CSR Report is a revised and expanded version of last year's Environmental and Social Report. The issue of a company's social responsibility is broad and extends to a wide variety of fields, and this enlarged report includes more of our initiatives to benefit society together with our environmental measures. Our intention is for the various stakeholders of Kajima to understand and accept our sincere approach to CSR.

### Period for the Report

Financial year 2006 (April 1, 2006 to March 31, 2007)

Some of the information presented in this report pertains to other financial years.

### Portions of the Company Covered by the Report

This report covers, in principle, all divisions and departments of the parent company Kajima Corporation, both in Japan and overseas. However, (1) quantitative data are compiled solely from the domestic operations of Kajima Corporation; and (2) where initiatives are undertaken by Group companies, the Group company is clearly specified.

### Guidelines Used for Preparation of the Report

Environmental Reporting Guidelines (Financial Year 2003 Version) published by the Ministry of the Environment.
